

# **Mr. Alexander Siegmeth**

## **Faculty profile**

Alexander Siegmeth has worked as an Orthopaedic Consultant at the Golden Jubilee National Hospital since January 2008. After attending Medical School and University in Vienna, Austria, he undertook his orthopaedic training at the East Anglia Trauma and Orthopaedic rotation between 2002 and 2006. He then spent one year as a fellow in hip and knee arthroplasty at the University of British Columbia, Vancouver, Canada with Doctors Duncan and Masri. Following this, he worked as the knee fellow in Exeter for six months. Hip and knee revision surgery, prosthetic infections, periprosthetic fractures and anterior cruciate ligament reconstruction are among his special interest areas. Alexander started an MBA program in 2011 at Strathclyde University.
